Dear Parents/Carers,

P & C MEETING

Why join the P&C? Well, why not?

People have all sorts of ideas about what joining a P&C will be like: "What will the people be like?" or "What will I get out of it?" Will it be interesting and will it help me to get to know our great school better?

There are lots of ways of supporting your children at school like meeting staff, helping in our school canteen, attending school events, (once we have this pandemic sorted), helping out at school events and being part of the P&C.

*Our parents participate at whatever level they are comfortable with, depending on work and other commitments. P&C helps inform parents about school activities and policy, also gives parents opportunities to meet other parents and teachers. **Research shows that children perform better at school when their parents are involved in the school community.***

There are rules and regulations about how we have to run the meetings as we are bound by the P&C Federation. Ultimately, these procedures exist to ensure we follow procedure and policy at all times. Our meetings take place once or twice a term and everybody can contribute to what's happening in the school. It is our belief and practice that 'the more parents we have involved, the more benefits for our whole school community'.

The P&C is one small part of the school but we have a history of making significant contributions throughout the year with fundraising and trying to foster a positive community spirit. If you are thinking of attending a P&C meeting, why not convince a family member to attend with you, – it is always easier to have some support in a new environment ☺

Our P&C meeting will be held in our school staffroom on Tuesday 16 February at 6:30pm.

Our Annual General Meeting (AGM) will be held in our school staffroom on Tuesday 23 February at 6:30pm.

We would love to see you there ☺

***Androula Kavallaris
Principal***
