

Free Extra Curricular Activities for before and after school for all students at Kentlyn Public School for Term 3

Dear Parents/Carers,

We have been lucky enough to be selected to be a pilot school for providing parents with opportunities for their children to engage in extra curricular activities at school so that we can provide more flexibility for parents or carers to increase their participation in the workforce.

As per my previous communication with the school community we are weeks away from organising this stellar opportunity for all our students at KPS **at no cost to our school community.**

The Research Pilot will consider the following principles:

- Students will be delivered high-quality learning, including structured and purposeful extra-curricular activities that support academic achievement and wellbeing FREE OF CHARGE
- Out-of-hours activities will be delivered and supervised by an alternative workforce and community partners.
- Community hub approach working with Ruse Public School and sharing activities on our school sites on Mondays and Tuesdays.

In order for us to lock in the providers we need to know approximate numbers of attendance for each of the activities. Please remember that if you are signing up your child for an extra curricular activity it is expected that they will attend for the 10 weeks of the term.

All afternoon activities are from 3:30 – 4:45pm and morning from 7:45am – 8:45am

What do we need from you?
 Tell us what extra curricular activities you would like to enrol your child in **by completing this Expression of Interest google form by Friday 10 June 2022**
